Transform your IT-PPM processes for seamless efficiency and unparalleled business impact

Benefits of Digitally Transforming your IT-PPM Setup

What can Digital Project Portfolio Management do for IT Departments

- **Improved alignment with business strategies:** Ensure your IT initiatives are closely aligned with your overall business strategies.
    - ✓ Prioritize projects that deliver the most impact
    - ✓ Maximize the value of your IT investments
- **Optimized resource management:** Gain visibility into resource capabilities, availability, and forecasting.
    - ✓ Optimize resource allocation across projects and portfolios
    - ✓ Improve resource utilization, and better project delivery
- **Demand Management:** Take data backed decisions on prioritizing ideas and subsequent project executions.
    - ✓ Direct resources towards initiatives that promise the highest strategic value
    - ✓ Stakeholders focus on initiatives that are likely to deliver desired outcomes
- **Enhanced project and portfolio governance:** Implement robust <mark>data governance</mark> frameworks, standardized processes, and best practices.
    - ✓ Ensure compliance with industry standards
    - ✓ Mitigate risks and promote consistent project execution
- **Improved risk management:** Enable proactive risk identification, assessment, and mitigation.
    - ✓ Minimize project disruptions, delays, and cost overruns
    - ✓ Ensure successful project and portfolio delivery
- **Enhanced scalability and adaptability:** Increase scalability and adaptability as your organization's needs evolve.
    - ✓ Easy accommodation of changes in project scope, resource requirements, or business priorities
    - ✓ Make your IT investments agile and responsive.
- **Quick adoption to latest technologies:** Facilitate the easier adoption of emerging technologies
    - ✓ Hassle-free and easy adaptation of latest technologies like AI
    - ✓ Leverage advanced analytics for strategic decision-making

We offer comprehensive IT-PPM setup services utilizing Planisware, a leading solution for IT departments, new product development teams, and/ or enterprise PMOs. We can optimize project delivery, streamline processes, and maximize the benefits your IT team provides to the rest of your organization.

Our Approach

- **Strategic Road mapping:** Develop a comprehensive IT-PPM roadmap aligned with your business strategies and goals.
- **Solution Design and Implementation:** Design and implement Planisware solution that meets your specific IT-PPM requirements. Including setting up resource management, skill management, vendor management and any other custom requirements.
- **Process Optimization:** Streamline and optimize your IT-PPM processes, such as setting up clear team structures, identifying internal skillsets, defining scope for internal teams and vendors, preparing project templates, and much more.
- **Data Migration and Integration:** Seamlessly migrate and integrate your existing data into Planisware, ensuring continuity and data integrity.
- **Customization and Extension Development:** Develop custom extensions and integrations to unlock Planisware's functionality and meet unique business needs.
- **Integrations with existing workflows:** Integrating Planisware into your ecosystem either by utilizing Planisware's OOB integrations or developing bespoke custom integrations.

- **Training and Change Management:** Provide comprehensive training and change management support to ensure smooth user adoption and maximize ROI.

Why choose i2e?

- **Expertise:** Our team comprises seasoned professionals with extensive experience in PPM consulting and implementation.
- **Custom Solutions:** We understand that each business is unique. That's why we offer customized solutions tailored to your specific needs and objectives.
- **Certified Planisware Partners:** i2e Consulting is a certified Planisware partner and is well-versed with the functionalities of the tool.
- **Continuous Support:** Our commitment doesn't end with implementation. We provide ongoing support and guidance to ensure the long-term success of your PPM initiatives.
